##### **Web Human Resources\Insurance Tracking\**

##### **Web Human Resources\Insurance Tracking**

- WH\IT

- 1 - When displaying the dependents and beneficiaries tied to an open enrollment request, only dependents and beneficiaries that are tied to the open enrollment request will be shown. Previously, if a district ran the Create Open Enrollment process multiple times, the dependent and beneficiary detail nodes were showing duplicated dependents and beneficiaries. **Correction**  
Proj#3089299

---

**Web Human Resources\Insurance Tracking\Employees with Insurance**

**Web Human Resources\Insurance Tracking\Employees with Insurance**

- WH\ITEI

- 1 - Four new fields (Middle Name, Suffix, Disabled Dependent, and Disabled Dependent Effective Date) have been added to the Dependent Report. **Enhancement**  
Proj#3135210

An additional parameter (Disabled Dependent) has been added to the Dependent Report parameter screen. This new option is a radio set which allows users to include dependents that are marked as disabled, include dependents not marked as disabled, or include both dependents that are marked as disabled and dependents not marked as disabled.

- 2 - Middle Name, Suffix, Disabled Dependent Indicator, and Disabled Dependent Effective Date have been added to the Insurance Tracking Dependent maintenance screen. The Insurance Tracking clone dependent process has been updated to clone over these new fields, and new columns were added to the clone browse to show the new fields. **Enhancement**  
Proj#3135203

- 3 - The Employees with Insurance, Activity, and View more Current Coverage browses have been updated to show the new dependent fields (Middle Name, Suffix, Disabled Dependent, and Disabled Dependent Effective Date) in the Dependent detail node. **Enhancement**  
Proj#3135215

- 4 - The required asterisks have been removed from the Birth Date, Gender, SSN, and Relationship fields on the add/edit dependent screen. These fields were previously marked as required, but no validation existed to stop a dependent from being saved if these fields were blank. **Correction**  
Proj#3149742

A new option has been added to the Dependent Report parameter screen to show dependents with a blank birth date. If this new option (Print Dependents with a blank Birth Date?) is checked, dependents with a blank birth date will be printed regardless of the low and high date ranges selected. If the option is not checked, dependents with a blank birth date will not be printed.
