TREx Crosswalks have been entered for the following system tests: STAAR EOC Edt7 (2017), STAAR EOC Edt6 (2016), and STAAR 3-8 Edt9 (2017). To take advantage of the setup for these tests, ensure that the system-defined versions of the tests have been selected on the "Setup Tests and Scores" screen at WS\SR\TX\TR\TR\ES. When selected, verify the correct test has been chosen by clicking the "Scores" button on that screen. The crosswalk area will have some of the crosswalks grayed-out, indicating that they have been set up already by Skyward. For districts that wish to set up any of the Skyward-setup tests differently, a user-defined version of each test may still be manually crosswalked. Web Student Management\Students\Student Browse
Web Student Management\Students\Student Browse\Profile Tabs\Scheduling Tab\Current Scheduling\Current Scheduling (Main Screen)
- WS\ST\TB\SC\CS\CS

1 - The future batch scheduling transactions logic has been updated to correctly determine if a class fits into a student's schedule. Previously, some waterfall-style setups would cause the nightly process to report an error when trying to add a class stating that the class could not be added because a conflict would exist, even though the class should have fit into the schedule.
